

2012 District Career Development Conferences

DECA's industry-validated competitive events are in the career clusters of marketing, business management and administration, finance and hospitality and tourism.

As a judge, you will participate in a pre-determined business situation role play with students and evaluate their performance using a detailed rating sheet. You may be asked to assist with a debriefing session at the conclusion of the session. Training is provided.

As an industry professional, you are directly contributing to student/members being college and career ready when they graduate from high school.
