

Giving Back

Imagine the exhilarating sense of pride you feel by engaging your high school peers, family and community members to reach one common goal that makes a difference in the lives of others. DECA provides the foundation for member/ students to champion community service projects with local businesses and charitable organizations.

Each chapter throughout Wisconsin organizes multiple giving campaigns each year. Many include food pantry drives, providing meals, connecting with service men and women and working with young children and the elderly. Many have long standing campaigns assisting local charities serving their communities.

Wisconsin DECA has a long standing partnership and commitment to the Muscular Dystrophy Association by providing funds for summer camp each year through the hard work of members throughout the state.

The experience of touching an individual life begins a life-long commitment to community service.
