

January 2018 | Kendyl Bagley | Clinton High School DECA

We are proud to announce Clinton's own Kendyl Bagley as Wisconsin DECA's January Member of the Month. Kendyl has been with Clinton DECA for only two years and is currently serving as chapter president which is no small feat! Speaking of small, Kendyl is only 4'11". Her chapter refers to her as "a gift from Tiffany's, the best things come in small packages". She is known for being the person behind the scenes who helps with community service events and influences others to join and help out. The respect and modesty Kendyl exudes, along with her determination, are just some of the reasons she has helped get the most pledges for her school's chapter. Securing judges for competition and planning dances are all a day's work for her. There is no job too big or too small. Congratulations on being Wisconsin's DECA's January Member of the Month Kendyl!
